Why?

These events will support our clients, local businesses and individuals in the transition to Making Tax Digital (MTD) - HMRC's plan for easier tax returns, with effect from 1st April 2019.

Every individual and business now has access to their own personalised digital tax account. Many businesses will have to start submitting information electronically to HMRC from April 2019. These sessions will help you understand your obligations and how you can comply with these in the most effective way.

'CLICK' is our simple way of remembering key information on MTD.

C - Compatible Software
L - Less time, less mistakes
I - Income tax & VAT
C - Control and capability
K - Knowledge

These 90 minute sessions will:

- Explain the advantages of digital record keeping
- Explore each aspect of CLICK
- Ensure you understand your obligations under MTD
- Allow attendees to interact with recommended software
- Share the experiences of clients already using cloud accounting
- Answer any relevant questions

With several key members of the Davies Tracey team present, these sessions are sure to leave attendees ready to adapt to the changes of digital VAT records.

Early booking is recommended to secure your preferred date.
